The CCH's Membership Offer

The CCH promotes the excellent work done by co-operative and mutual housing organisations. We foster communication between our members and serve the sector, campaigning for quality co-operative solutions to meet housing need in England and Wales.

Membership of the CCH is your statement of solidarity. It brings your organisation into the co-operative movement, and provides you with a direct channel through which you can help to shape the future of co-operative and mutual housing in the UK. We are all working together to keep the housing co-operative movement strong and sustainable.

Housing co-ops do a fantastic job through local people making good common sense decisions about their homes and neighbourhoods, but in an increasingly difficult external environment, co-op members face greater challenges to keep their co-op successful.

The CCH is here to help you with those challenges. We support our member organisations deal with the day to day issues you face, to help you face current challenges as well as making the most of your opportunities. Together we build stronger conditions for our sector to grow and thrive.

We will make sure that you are kept up to date with the latest information about what is going on. We will provide you with networking opportunities with other co-op members. And we are always at the end of a phone if you want to raise issues, discuss how your co-op is doing, or just get some moral support.
